Response #1	PK was a very joyful TA who knew his stuff and is very good at communicating difficult topics to students.
Response #2	Great TA!
Response #3	Pk was the best TA I've had so far in college. Always had a smile on his face and made going to class not feel like a chore. He should be praised for that and I think it's awesome he actually made connections with his students. This is probably the best I've ever done in a calculus class and I honestly believe he is part of the reason for that.
Response #4	PK was always very helpful during lab and discussion
Response #5	PK was the greatest
Response #6	nope
Response #7	PK was wonderful to work with, and made calc 3 seem much more manageable. I would love to have him as a TA again.
Response #8	Really helpful and encouraging
Response #9	Sometimes it was a little hard to understand his explanations or teachings.
Response #10	You were the best TA that I have yet at UD! Extremely helpful and always came in with a good mood. Although calc isn't my favorite, your positive attitude made the class much more enjoyable. Thank you for a great semester, and I wish you the best in the future!

Response #11	PK was great!
Response #12	N/A
Response #13	The TA was super nice and was very helpful throughout the entire semester.
Response #14	Enjoyed being in class with him, sad Barcelona couldn't make it champions league, but maybe next time.
Response #15	None
Response #16	n/a
Response #17	PK was a great TA and was a great help. The discussion and review session were more helpful than the lectures
Response #18	PK was the best TA ever. He taught extensively, answered any and all questions and helped me understand all the content of the course. I would generally be confused after lectures but after discussion and lab, I would come out of class knowledgeable about the content and excited to do the webassigns. I am so thankful PK was my calc TA. He was the staple in my college experience in a semester that was incredibly disorganized for me personally. I cannot give enough praises about his performance this semester.
